### Format

During May and September, we will have open play with at least one contest and prize weekly. Once the schools are out, we will be playing a mix of Game Days and Intra - Flight Match Play. Points will be earned as individuals.

Game Days: Teams will be formed of mixed handicap players for games such as Pink Ball, Cha-Cha-Cha, and In the Bucket. Points will be awarded on place of finish.

Match Play: Members will be broken into 2 - 4 flights depending on how many league members we have. Match Play will occur within each flight. Match Points will be awarded as in the past.

(We are also looking to recruit subs so that points are not forfeited on competition weeks that you may not be able to play.)

Additional points will be awarded each week for other golfing feats: (e.g. low putts, low net in your flight, etc).

Statistics will also be kept
